INTRODUCTION

The Board of Regents presents a report on the Fall 1980 Credit Enrollment in West Virginia institutions of higher education. The cooperation of the private institutions in submission of Head-Count Enrollment Data for their college is greatly appreciated by the Board.

The Board's Student Enrollment Reports are based on standardized data submitted by the public institutions through a data information reporting system. The analysis of Headcount Enrollment is based on the Student Information File that is submitted to the Board. Private institution's analysis of Headcount Enrollment is based on data reported on the Board's E forms. The analysis of Full-Time Equivalent Enrollment, for public institutions only, is calculated from data obtained from Credit Courses Taught that is produced from the data information reporting system.

Head-Count Enrollment is a count of the number of individual students attending an institution of higher education. The tables in Section I of this report summarize Credit Head-Count Enrollment in all institutions of higher education in West Virginia. In addition, each institution's enrollment is reported by: Sex of Student, Attendance Status of Student, Level of Student, and Residence of Student. The Credit Enrollment Classifications of Resident Credit and Extension Credit used in previous reports have been combined into one classification, Credit Enrollment, for this report.

The Full-Time Equivalent Enrollment reported for each public institution of higher education is the nationally accepted statistic used to equate to the norm, student work-loads that are greater or less than the average full-time student workload. In Section II, the Full-Time Equivalent Enrollment is reported by Course Level and by Regents Budget Format. Full-Time Equivalent Enrollment in the Health Science Programs of West Virginia University, except for Pharmacy, is excluded from this report.

Definitions of the various Enrollment Categories used by the Board of Regents are presented on Pages 50 and 51.

* Please note that due to the rounding of numbers totals may be .1 per cent above or below 100.
